## GRAND JURY REPORT.

TO the Court of Quarter Sessions of the Peace in and for the county of Adams:
*The Grand Inquest, inquiring within and for* the said county of Adams, beg leave to report: That they have visited the Public Buildings of the county—that they are able to report favorably of the condition of the Jail, finding it in good order.
That the same can be said of the Alms House, except as to the apartments assigned to the insane, the cells in the Spang hospitary being dark and unwholesome, calculated to thwart the efforts and services of the Physician and the Steward and his family in behalf of these unfortunates, and we would earnestly recommend that more suitable accommodations be provided for them.
We would add that we found one of the furnaces in bad order—in fact, worn out, and report favorably with regard to the contemplated improvement, viz., placing a new one in its place, whenever it may suit the convenience of the officers having the matter in charge.

## HOOFLAND'S GERMAN BITTERS,

AND

*Hoofland's German Tonic.*

THE GREAT REMEDIES

FOR ALL DISEASES OF

*THE LIVER, STOMACH, OR DIGESTIVE ORGANS.*

### HOOFLAND'S GERMAN BITTERS

Is composed of the pure juices (or, as they are medically termed, *Extracts*) of Roots, Herbs, and Barks, making a preparation, highly concentrated, and entirely *free from alcoholic admixtures of any kind.*

### HOOFLAND'S GERMAN TONIC

Is a combination of all the ingredients of the Bitters, with the purest quality of *Santa Cruz Rum*, Orange, &c., making one of the most pleasant and agreeable remedies ever offered to the public.
Those preferring a Medicine free from Alcoholic admixture, will use

### Hoofland's German Bitters.

Those who have no objection to the combination of the Bitters, as stated, will use

### Hoofland's German Tonic.

They are both equally good, and contain the same medical virtues, the choice between the two being a mere matter of taste, the Tonic being the most palatable.
The stomach, from a variety of causes, such as Indigestion, Dyspepsia, Nervous Debility, etc., is very apt to have its functions deranged. The Liver, sympathizing as it does with the Stomach, then becomes affected, the result of which is that the patient suffers from several or more of the following diseases:

CONSTIPATION, FLATULENCE, INWARD PILES, FULLNESS OF BLOOD TO THE HEAD, ACIDITY OF THE STOMACH, NAUSEA, HEART-BURN, DISGUST FOR FOOD, FULLNESS OR WEIGHT IN THE STOMACH, SOUR ERUCTATIONS, SINKING OR FLUTTERING AT THE PIT OF THE STOMACH, SWIMMING OF THE HEAD, HURRIED OR DIFFICULT BREATHING, FLUTTERING AT THE HEART, CHOKING OR SUFFOCATING SENSATIONS WHEN IN A LYING POSTURE, DIMNESS OF VISION, DOTS OR WEBS BEFORE THE SIGHT, DULL PAIN IN THE HEAD, DEFICIENCY OF PERSPIRATION, YELLOWNESS OF THE SKIN AND EYES, PAIN IN THE SIDE, BACK, CHEST, LIMBS, ETC., SUDDEN FLUSHES OF HEAT, BURNING IN THE FLESH, CONSTANT IMAGININGS OF EVIL, AND GREAT DEPRESSION OF SPIRITS.

The sufferer from these diseases should exercise the greatest caution in the selection of a remedy, for he runs no risk in purchasing only that which he is assured from his investigations and inquiries possesses true merit, is skillfully compounded, is free from injurious ingredients, and has established for itself a reputation for the cure of these diseases. In this connection we would submit those well-known remedies—

HOOFLAND'S GERMAN BITTERS
AND
HOOFLAND'S GERMAN TONIC.

PREPARED BY *DR. C. M. JACKSON*, PHILADELPHIA, PA.

Twenty-two years since they were first introduced into this country from Germany, during which time they have undoubtedly performed more cures, and benefited suffering humanity to a greater extent, than any other remedies known to the public.
These remedies will effectually cure Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, Chronic Diarrhœa, Disease of the Kidneys, and all Diseases arising from a Disordered Liver, Stomach, or Intestines.

DEBILITY,

Resulting from any Cause Whatever; PROSTRATION OF THE SYSTEM, Induced by Severe Labor, Hardships, Exposures, Fevers, &c.

There is no medicine extant equal to these remedies in such cases. A tone and vigor is imparted to the whole system, the appetite is strengthened, food is enjoyed, the stomach digests promptly, the blood is purified, the complexion becomes sound and healthy, the yellow tinge in the white of the eyes, and sallow hue given to the cheeks, and the weak and nervous invalid becomes a strong and healthy being.

*PERSONS ADVANCED IN LIFE,*

*And feeling the hand of time weighing heavily* upon them, will at its attendant ills, will find in the use of this BITTERS, or the TONIC, an elixir that will give new life into the veins, restore in a measure the energy and ardor of more youthful days, build up their shrunken forms, and give health and happiness to their remaining years.

NOTICE.

It is a well-established fact that fully one-half of the female portion of our population are seldom in the enjoyment of good health; or, to use their own expression, "never feel well." They are languid, devoid of all energy, extremely nervous, and have no appetite.
To this class of persons the BITTERS, or the TONIC, is especially recommended.

*WEAK AND DELICATE CHILDREN*

Are made strong by the use of either of these remedies. They will cure every case of MARASMUS, without fail.
Thousands of certificates have accumulated in the hands of the proprietors, but space will allow of the publication of but few. Those, it will be observed, are men of note and of such standing that they must be believed.

TESTIMONIALS.

### Hon. Geo. W. Woodward,

Chief Justice of the Supreme Court of Pa., writes:

*Philadelphia*, March 16, 1867.

"I find 'Hoofland's German Bitters' is a good tonic useful in diseases of the digestive organs, and of great benefit in cases of debility, and want of nervous action in the system. Yours truly,
GEO. W. WOODWARD."

### Hon. James Thompson,

Judge of the Supreme Court of Pennsylvania.

*Philadelphia*, April 28, 1866.

"I consider 'Hoofland's German Bitters' a *valuable medicine* in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON."

### From Rev. Joseph H. Kennard, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

*Dr. Jackson*—Dear Sir: I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances and particularly in my own family, of the usefulness of Dr. Hoofland's *German Bitters, I depart for once from* my usual course, to express my full conviction that, *for general debility of the system, and especially for Liver Complaint, it is a safe and valuable preparation.* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who use it. Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates St.

### From Rev. E. D. Fendall,

### AFTER ALL.

BY WILLIAM R. PABOR.

After all!
In the sleep that comes to all,
Does it matter what befall,
When we are beyond recall,
Sleeping soundly and profoundly?
All the woeful weight of care
That our human spirits bear
In a great or lesser share,
After all, after all!

All the glory, all the gain,
So much chaff, so little grain,
All life's pleasure, all its pain,
Matching sweetness by its fleetness;
Only on the shining slope
Of God's upland blooms the hope
That we cherish as we grope,
After all, after all!

After all!
There'll be pebbles on the shore,
There'll be sunshine on the floor,
There'll be footsteps at the door
When our sadness and our gladness
Are as were the babies twain,
Covered by the birds in vain,
Where the leaves would not remain
After all, after all!

### LONG FACES.

What a sad mistake it is to suppose that a man should be gloomy because he is devout, as if misery were acceptable to God on its own account, and happiness an offence against his dignity. A modern writer of much wisdom and pith says:

"There is a secret of unbelief amongst some men that God is displeased with *man's happiness, and so they slink about* creation, ashamed and afraid to enjoy anything!"

These are the people of whom Hood says:

"They think they're pious when they're only bilious!"

A good man is almost always a cheerful one. It is fit that bad men scowl, look blue and melancholy, but he who has God's smile of approbation upon him should show his radiance in his countenance. Dr. Johnson said he "never knew a villain in his life that was not, on the whole, an unhappy dog." *And well he may be. And an honest* man—the man with a good conscience—let him enjoy his sleep, and his dinner, and the love of his wife and the prattle of his children, and show a beaming face to his neighbor. Surely there is no worse theology than that which teaches that He who has given such fullness of joy to beasts and birds delights in the misery of men; or, that having filled us with gladness, we ought to give the lie to His goodness by wearing faces beclouded with woe, and furrowed with pretended happiness.

### THE SIZE OF THE ARK.

Infidels have objected to the size of the Ark; have asserted that it is quite absurd to suppose that ever there could be a vessel constructed large enough to hold all the creatures which must have been placed in it, with sufficient food, it may be for six or twelve months—water for the fish, corn and so on. Now we will take the dimensions of the ark from the records of Moses, and calculate them on the lowest possible scale. There are two definitions given to a cubit; one that is 18 inches or a foot and a half, and the other that is 30 inches. We will take it only at the lowest. Moses states that the ark was 300 cubits long; this would make it 450 feet long, or about the length of St. Paul's Cathedral, London. The breadth he states to be 50 cubits; we then have it 75 feet in breadth. He states it to be 30 cubits high; so that it was 45 feet high. In other words, it was as long as St. Paul's Cathedral, nearly as broad, and half as high. The tonnage of the ark, according to computation of modern carpenters, must have been 32,000 tons. The largest English ship, (of a size unimaginable to those who have never seen it,) is 3,500 tons burthen; so that the ark must have been equal to 26 first rate ships of war, and if armed as such ships are, it would have contained beyond 18,000 men, and provisions for them 18 months. Buffon has asserted that all four-footed animals may be reduced to 250 pairs, and the birds to a still smaller number. On calculating, therefore, we shall find that the ark would have held more than five times the necessary number of creatures, and more than five times the required quantity of food to maintain them twelve months.

GIRLS, do you want to get married, and do you want good husbands? If so, cease to act like fools. Don't take pride in saying you never did housework, never cooked a pair of chickens, never made a bed, and so on. Don't turn up your pretty noses at honest industry; never tell your friends that you are not obliged to work. When you go shopping, don't take your mother along with you to carry the bundle.

EARLY RESPONSIBILITY.—Now, early responsibility is almost equivalent to early sobriety. If a stick of timber standing upright wavers, lay a beam on it, and put a weight on that, and see how stiff the stick becomes. And if young men waver and vacillate, put responsibility on them, and how it straightens them up! What power it gives them! How it holds all that is bad in them in restraint! How quietly it developes and puts forward all that is good in them!

SIGNS.—It is a good sign to see a man do an act of charity—a bad sign to hear him boast of it.
It's a good sign to see a man wipe the perspiration from his brow—bad to see him wipe his lips as he comes out of a cellar.
It's a good sign to see a man advertise in the papers—bad to see the sheriff advertise for him.
It's a good sign to see a woman dressed with taste and neatness—bad to see her husband sued for finery.

SIGHING.—How often do we sigh for opportunities of doing good, whilst neglecting the openings of Providence in little things! Dr. Johnson used to say, "He who waits to do a great deal of good at once, will never do any." Good is done by degrees. However small in proportion the benefit which follows individual attempts to do good, a great deal may thus be accomplished by perseverance, even in the midst of discouragements and disappointments.

RUSKIN says: "Wise men keep one side of their life for play, and another for work; and can be brilliant, and chattering, and transparent, when they are at ease—and yet take deep counsel on the other side, when they set themselves to their main purpose."

AN exchange has calculated that taxation under Radicalism amounts to one thousand dollars per minute.

### WHAT DID PAUL SAY?

Many years since there lived in Virginia a Baptist preacher, named B. Though uneducated, he was a sound thinker and eloquent speaker, and no minister had a more devoted flock. It was the custom during the inclement season to hold meeting at the residences of members, and once or twice during the winter at the house of the preacher. For many years it was observed that B. neither preached nor conducted the meeting when held at his house, but secured the services of some neighboring minister. He was often pressed for an explanation without success; but finally, in response to the importunities of some of his flock, gave the following:

"When I was much younger than now—in fact, not long after the commencement of my ministration—I held a meeting at my own house. It being customary for many of the congregation to remain for dinner, Mrs. B. sent our negro boy, Tim, to neighbor Paul's for some butter. Tim returned and located himself, standing on one foot at a time, in the outskirts of the congregation. Being well warmed up in my sermon, thinking neither of Tim nor his errand, but only of the most successful mode of pressing upon my hearers one of my strongest arguments, I demanded, with all the energy in my power, *'Una what did Paul say?'* Tim at the top of his little squeaking voice exclaimed, as Tim only could have done, *'He thed you couldn't git any more butter till you

DEMOCRATIC STATE TICKET.

AUDITOR GENERAL,
*Hon. CHARLES E. BOYLE, of Fayette county.*
SURVEYOR GENERAL,
*Gen. WELLINGTON H. ENT, of Columbia co.*

## IMPEACHMENT.

The vote on impeachment has been postponed until to-morrow, on account of the illness of Senator Howard. Senator Grimes has also been reported ill, but without much foundation. He will be able to be present to-morrow, should the vote then be taken, of which there is now much doubt. Another postponement, until to-morrow week, is talked of.

Several Republican Senators—Fessenden, Trumbull, Grimes, Sherman, Henderson and others—have taken open ground against conviction, and a general panic in Radical circles is the consequence. Every effort possible is being made to *force* Republican Senators into voting against the President in violation of their conscientious convictions.—Whether they will succeed remains to be seen, but it is certain that the whole Radical crew is alarmed and depressed.

The excitement at Washington is intense, and is extending to the principal cities throughout the country. The interests of peace demand an early and honest verdict.

DESPERATION.—So desperate are the impeachers that they talk of making an effort to admit the Arkansas Senators, and with their votes convict the President. If this outrage should be consummated, it would damn the Radical party to hopeless perdition. No degree of party attachment or prejudice could save them from the consequences of so foul a deed.

ALL THE "DECENCY."—On Saturday week, in the Rump House, Donnelly, of Minnesota, and Washburne, of Illinois, both Radicals, got into a personal altercation, and used language which, in the language of the telegram, was "unfit for publication," and which the Speaker said could only go upon the journal under his protest. Such are the men (!) who are now, and for years have been, ruling and "reconstructing" this country.

## ITEMS OF ALL SORTS.

THE New York *Times* says that delay in impeachment means failure—that the President will be acquitted. Other journals take the same view.

FORNEY has resigned the Secretaryship of the Senate, that he may be more free to "pitch into" the Republican Senators who favor acquittal. No harm done.

GREAT GAIN.—In 1864 Lincoln had 14,000 majority over General McClellan in the city of Chicago. Now the Democrats carry the city by 900 majority.

THE Sherman House, at Chicago, which is to be the headquarters of the Radical delegates, does not admit colored persons. The Louisiana delegation will have to quarter elsewhere.

A DELEGATE TO CHICAGO.—Rev. Jas. Lynch, a colored presiding elder of the M. E. Church in Mississippi, who was raised in Baltimore, has been chosen a delegate to the National Republican Convention, to meet at Chicago May 20th.

SPEAKING of the charge that Chief Justice Chase had left the Radical party, Mrs. Cady Stanton says: "Why not follow a good man with the Democratic party, rather than, with Republicans, help to place a drunken soldier in the White House?" Yes, why not, madam?

APPOINTMENT.—The Hon. W. W. Holden, Governor elect of North Carolina, has tendered the position of private secretary on his staff to Robt. Douglas, the eldest son of the late Senator Stephen A. Douglas, of Illinois.

THE Reading *Eagle* is inquiring about the $2,020, taken in at a soldiers' fair in that city for the benefit of soldiers' widows and orphans. It is afraid that the money has been applied for the political uses of the G. A. R.

THE Rads have ruled Mr. Evarts out of the Republican party. They always do so when a member shows honesty, decency, ability and patriotism.

ABOUT a dozen "Youthful Lives of Gen. Grant" are out. Biographers seem to be unable to get beyond his boyhood.

AT Cuthbert, Georgia, twenty-seven negroes armed with muskets attempted to take possession of the polls during the election, but were prevented by the military.

THE printing of the impeachment tickets cost $9,000! It is calculated that the printing of the proceedings will cost $100,000 more. No wonder taxes are high and business dull.

BONNER denies in a published card, that Gen. Grant "choked his father off" from his contributions to the Ledger. He can't deny, however, that by means of those contributions his father came near choking the General off.

THE Virginia Conservative Convention has nominated Robert E. Withers, of Lynchburg, for Governor; General James Walker, of Pulaski, for Lieutenant Governor, and J. L. Marye, Jr., of Spottsylvania, for Attorney General. No platform was adopted.

THE chances for the Radical Vice Presidency nomination have narrowed down to Wilson, Wade and Colfax, and the fight between them waxes hot around Washington, where all Radical nominations—National, State and district—are cooked up.

BEFORE adjournment the New York Assembly passed a resolution declaring that the conviction of President Johnson would be a crime against Republican government.

THE Ohio Legislature lately passed a law requiring students at colleges and institutes to go to their homes to vote.

THE only victories achieved by the Radicals, during the past year, are those won for them by the Southern negroes pushed to the ballot-box at the point of the bayonet. Where only white men vote, the Rads are awfully in the vocative.

A HEAVY LOAD.—Enforced Negro Suffrage, the Freedmen's Bureau, a Standing Army, costing upwards of One Hundred Millions per annum, and a National Debt of Three Thousand Millions of Dollars. Useless Grant is to pull this load through the next Presidential campaign.

THE Democratic State Committee of Arkansas have proved Radical frauds to so alarming an extent that, instead of the "constitution" having been adopted by 1,679 majority, it has been defeated by a clear majority of 6,342. Their evidence has been forwarded to the military authorities.

SEVEN little children were recently bitten by a mad cat in Newark, N. J.

AN insane man in Indiana recently attempted to baptise his child with fire.

WOMEN in Tunis are selling their children for bread.

WHY is a chrysalis like a loaf of bread? Because it is the grub that makes the butter fly.

## RADICAL OFFICE HUNTING.

Radical papers cannot deny that ever since their party came into power the greedy political adventurers of the county, who care nothing for principle, but are actuated solely by selfish motives, have flocked to their ranks. With maws unsatisfied and unsatisfiable, these harpies are ever on the watch for plunder, and seek to bend any and everything to *their* purpose—that is, to put the public's money into their individual pockets. The impeachment business has whetted their appetites afresh. Like buzzards, they scent the carrion in the distance, and are making their calculations to pounce upon it—quite willing, of course, that the honor and interests of the country may go by the board, so that they make something out of the wreck.

This is not mere "copperhead" assertion. We assure our Adams county Republicans, almost all of whom belong to the Curtin wing, that there is high authority in their own church for it. The Harrisburg *State Guard*, their central organ, puts the point in a plain and unmistakable shape, by saying:

Does Mr. Wade know what he is about? Has he fairly considered that we have men in the Republican party who have actually cultivated the notion, until it has become a controlling passion, that the Republican party was organized solely and only to put them into office, to fill their pockets with money, and to afford them opportunities to destroy honest Republicans who will not approve of their crimes. Mr. Wade surely does not understand what he contemplates, or he has a contemptuous estimate of some of the would-be-Republican leaders of Pennsylvania and other States, who are now really ravenous for office. Every city in the Keystone State has its Republican *ring*, in which all the offices have been apportioned to favorites. Hungry greeds are even now lingering at the door of every fat post-office, ready the moment Mr. Wade goes into the White House, to rush into and take possession of the place—to assume the charge of a revenue office, to gain opportunities to indulge in whisky frauds, and manage the entire patronage of the Government in their own interest. All this is now "set up." In Harrisburg the offices are apportioned among *the ring*, the fat places all filled, in anticipation, as if Mr. Wade were to be a mere automaton, and the Republican masses just so many tools to be used by the demagogues who have no more purpose in professing Republicanism than that of seeking opportunities to plunder the public purse. It is to be seen whether Mr. Wade will allow himself to be controlled by these *rings*. If he does, the responsibility he will thereby assume must be fearful.

To this fair pen picture of Radical office hunting, as drawn by one of the members of that party, we invite the attention of the public, and especially of such honest men as may still own membership in that corrupt organization. Surely they are not all blinded by party prejudice to the country's honor and their own best interests.

## CONGRESSIONAL CORRUPTION.

The old and influential Whig organ, the *National Intelligencer*, in an article, the other day, on Congressional corruption, said it was charged openly on the floor that $500,000 were spent to carry the Pacific Railroad bill, which was mainly engineered by such great moral leaders as Thaddeus Stevens, and then continued:

There are subsidies now pending before this same body of "patriots" for other roads, amounting in the aggregate to $260,000,000! A large part of the two-thirds Radical majority have their pockets filled with free passes over various railroads in the country, and even in this city, by which means, and others, necessary legislation for the general good is arrested, and members are substantially retained as attorneys in enormous lobby schemes. And in order to augment their business, they now propose to strike down the jurisdiction of the Court of Claims, so as to open the door to larger and grosser peculation.

## GRANT'S TRUE POSITION.

The New York *Herald*, in an able article, contrasts the positions occupied by General Grant and Chief Justice Chase. It says:

"What was it that a short time ago made Grant seem the great inevitable man of the future? It was that he had the respect and confidence of the people as against all parties. He was a man standing alone—honest, grand, national and differing from all other men in nothing so much as it, that he stood aloof from party; and they were nothing without their peculiar party power. Grant was the national man, Chase was the leading radical. But what a change a few weeks has made! Grant, with all his silence, with all his cautious reserve, has said enough to satisfy radicalism that he is a candidate to suit it; and by his relations to party men, by the readiness with which he has fallen into radical reconstruction plans, he is seen to be to-day the creature, the tool, if not the bond slave of the nigger supremacy faction."

The above extract must strike every intelligent man as being eminently true. It sets Grant before the people in a proper light, and defines most accurately and clearly the position which he occupies. He has sold himself to the hungry office-seekers of the Radical party, and he will be run as their candidate. He is the tool of the worst men in that corrupt party. The people know that, and that is the reason why his nomination, which is already made, fails to elicit a spark of enthusiasm. With an unexceptionable candidate the Democracy cannot fail to win in the coming election.

## KNOW-NOTHINGISM AMONG THE NEGROES.

A meeting of negroes was held in one of the churches of Richmond during the session of the Radical State Convention last week, and a petition was gotten up and forwarded to General Schofield, requesting him to stop the further naturalization of foreigners in Virginia. Is it not astonishing to see how rapidly the poison of Know-Nothingism has spread among the negroes? They have scarcely been granted the right of suffrage until they desire to deprive foreign-born white citizens of the privilege. That is the natural effect of Radicalism. As a party it conceals its hatred of foreigners for the present, but it rankles deep in the heart of the organization, and crops out constantly. The negroes of the South have been imbued with it by the Radical carpet-bag adventurers who have gone there from the North. Let the Germans throughout the country be careful to make a note of the action of these Virginia negroes.

SINGULAR:—To see Ben. Butler using his influence to convict President Johnson of violating the Constitution in removing Stanton, and for sympathy with the distressed South, while the same Butler in 1860 voted fifty odd times in the Charleston Convention for Jeff. Davis for Democratic candidate for the Presidency, and the same Stanton told the leading Southern Senators that "they were right,—their cause was just, and the North would uphold them." At the same time and ever since Johnson has contended for the Union, and these same hounds are now high in the councils of the Radicals.

THE Rockingham (Va.) *Register* is out in a long article in favor of Gen. Frank Blair, of Missouri, for President, and Mayor John T. Hoffman, of N. Y., for Vice President.

## SENATOR GRIMES ON IMPEACHMENT.

Mr. Grimes, (Rep.) of Iowa, made a long speech in the Senate, in secret session, on Monday evening, in opposition to the impeachment of the President. He began with a consideration of the President's power of removal of the heads of departments under the constitution, quoting many authorities to show that it was not denied or abridged up to the tenure-of-office act. Passing over the question of the constitutional validity of that act, he took up the discussion of whether Mr. Stanton's case comes within its provisions. He did not consider the Secretary of War either within the first section of the act or the proviso, and quoted the declarations of Mr. Schenck and Mr. Sherman in the debate on the passage of the bill in March, 1867, to sustain the theory. He thought Mr. Stanton held office under the pleasure of the President alone under the act of 1789, and that the President alone could remove him. He did not think there was any distinction between the power of the President to remove in recess, and his power to remove during the session of the Senate, an officer who held solely by his pleasure. Taking up then the second article, he said the temporary designation of a person to discharge the duties of an office until the office could be filled was made legal by the act of 1795, which, he is satisfied, has not been repealed by that of 1863. But even if he thought otherwise, Mr. Grimes said he should be unable to convict the President of a crime in such a temporary appointment, not doubting that the President said in good faith and believed that he was acting within the laws. He dismissed the conspiracy articles very briefly, as he did the eighth and ninth articles. He then took up the question of intent, saying he had no doubt that the President thoroughly believed the tenure-of-office act unconstitutional, and said he was advised of its unconstitutionality by Mr. Stanton and other members of his Cabinet, and Mr. Grimes thought it not strange that under the circumstances the President should doubt or question its scope. He held, however, that Stanton's case was not included in the provisions of this act, and that, therefore, the question of intent need not be considered as the President had done no unlawful act. But even if it were included, the guilty intent was not such as warranted the judgment demanded by the House. The Senator went on to say that if the President might not in this way make a case for the courts to pass upon, the complete supremacy of Congress over all other branches of government was established, and he was no believer in such doctrine. Mr. Grimes turned off the remaining articles in a few words, and closed as follows:

"I have expressed no views upon any of the questions upon which the President has been arraigned at the bar of public opinion outside of the charges. I have no right to travel out of the record. Mr. Johnson's character as a statesman, his relations to political parties, his conduct as a citizen, his efforts at reconstruction, the exercise of his pardoning power, the character of his appointments and the influences under which they were made, are not before us on any charges. Nor can I suffer my judgment of the law governing this case to be influenced by political considerations. I cannot agree to destroy the harmonious working of the constitution for the sake of getting rid of an unacceptable President. Whatever my opinion of the incumbent, I cannot consent to trifle with the high office he holds. I differ widely with the President respecting his political views and measures, and deeply regret the differences between him and Congress; but I cannot, in my judicial capacity, record my vote that he is guilty of high crimes and misdemeanors."

## ABOUT IMPEACHMENT.

A Washington correspondent of the New York *World*, under date of Saturday, writes:

The Republican party is, in fact, placed in a gratifying quandary. One of the rumors concerning Mr. Fessenden, which, whether it has a respectable origin or not, helps to illustrate the fitful fervaneness of Radical Congressmen and others who are circulating it, is that he said in conversation with a gentleman from his own State, that if the President should be convicted the Democratic party would carry Maine next fall. Three Radical members of the House, with whom I happened to converse the other evening, spoke of the Republican party as "pretty well disorganized, conviction or no conviction," and anybody who takes the unpleasant pains to mingle with the garrulous throngs of Radicals who swell the nightly crowd at Willard's cannot fail to be edified with their reckless candor. The better class of Republican leaders have some reason to be alarmed by the suggestion that Mr. Wade and his friends will, after his accession, and especially if Wade should not receive the nomination for Vice-President, cut loose from the Conservative wing of the party altogether, give up the ship, and "go it blind" for their mutal benefit until a Democratic President is inaugurated in March.—There are a plenty of Radicals in the Senate and in the country capable, in default of the certainty of success next fall, of turning the whole fabric of government topsy turvy while Mr. Wade is in possession, and gorging themselves with spoil. Reputation, present or posthumous, is doubtless a very fine thing to honorable gentlemen. Reputation with a party is commonly preferable to most politicians. But in the cases of politicians so lost to every sense of right, duty and propriety as to vote to substitute Ben Wade as President of the United States, in the place of Mr. Johnson, reputation, either patriotic or political, has but a flimsy part. So corrupt, indeed, have become our politics, that self-aggrandizement, even pecuniary self-aggrandizement, is a consideration that the lowest office-seeker in Washington regrets he has not the means to apply. And, while the Radical jugglers in Congress who manipulate the people's affairs are glad enough to be thought well of by deluded constituents, a glittering bribe, or a few months' lease of power and opportunity of "pickings," are temptations for which how many of them would hesitate to risk their "sacred honors?"

Other tokens, which I omitted to mention in my last letter, are the reactionary sentiment manifested by Conservative Republican Senators against the bullying course of the Managers, and the still more angry resentment aroused by the outside system of secret espionage and partisan intermeddling with the affairs of members of the court. No less than three Senators on the Radical side of the Chamber have declared since Friday last, in terms more or less emphatic, that if the impeachment of President Johnson should prove a failure, the Managers and the officious politicians here who are employing the basest means to force conviction, will be themselves responsible for the issue.

GOV. ENGLISH ON IMPEACHMENT.—In his recent inaugural, Gov. English, of Connecticut, made the following pointed allusion to the proposed impeachment of President Johnson:

No conviction, gained under such circumstances, will be approved by the American people. Its shame will rest upon the executioners, not upon the victim. The civilized world will receive their judgment with derision, and history will record it to the lasting opprobrium of constitutional government. Nor should it be overlooked, as a deplorable sign of that fitful temper which affects a people only in the worst of times, that the distinguished man who stands thus accused of infidelity to the Constitution is one who, but a few years since, sacrificed property, position, powerful political associations and the home of his life, for what he deemed to be his duty to that Constitution and the Union it secures—and who, in recognition of that fact, was, by the agency of those now most clamorous for his condemnation, elected to the position by virtue of which he exercises his present office. Is it not idle for such accusers to say that he is less faithful to that Constitution now than then? And that he, when in the enjoyment of the highest honor of the government, is engaged in, what he so recently sacrificed all prospect of honor rather than engage in, a conspiracy to subvert it? Few men have been so conspicuous through life for fidelity to their convictions as President Johnson; and the judgment which shall pronounce him to be guilty of a violation of his oath to "preserve, protect, and defend the Constitution of the United States," will be too flagrant for its falsity to remain long expunged from the records of the country.

Wagner vs. Fisher, No. 59, May T. 1868. M'Creary for plaintiff in error; M. and W. M'Clean for defendant in error.

Neely vs. Grantham, No. 34, May T., 1868. McConaughy for plaintiff in error. McCreary for defendant in error.

*Suit.*—The suit of D. W. Horner vs. Ex-Sheriff Robert, removed to Dauphin county, was tried at Harrisburg last week, the jury rendering a verdict for plaintiff for $125 damages. We understand that the Court ruled out the testimony offered in the Sheriff's behalf, thus resting the case entirely upon the evidence introduced by the plaintiff.—The verdict of the jury at Harrisburg will not change the opinion of any one here.

*Battle Field Memorial Association.*—We observe that the Legislature voted $3,000 additional to this association, to be applied to the purchase of land and its other general purposes.

This makes SIX THOUSAND DOLLARS ($3,000 before appropriated) which McConaughy managed to get out of the State Treasury for an interest in which he seems to be the principal party concerned, and yet did not secure one cent of relief for the many along the border who lost nearly all they had by reason of the Gettysburg battle. His usefulness may be estimated in a general way from the above two facts. Obtaining his seat in a "bogus" manner, he kept in that channel throughout his term. May the district be forever saved from a similar fraud and its consequences.

*The Eight Hour Law.*—The following is the eight hour law passed at the late session of the Legislature:

Sec. 1. That on and after the first day of July, 1868, eight hours of labor between the rising and setting of the sun, shall be deemed and held a legal day's work in all cases of labor and service by the day, when there is no contract or agreement to the contrary. *Provided*, the pay be the same as in ten hours.

Sec. 2. This act shall not apply to, or in any way affect, farm or agricultural labor or service by the year, month or week; nor shall any person be prevented by anything herein contained, from working as many hours overwork, or extra work, as he or she may see fit, the compensation to be agreed upon between the employer and the employee.

Sec. 3. All other acts or parts of acts relating to the hours of labor which shall constitute a day's work in this State are repealed.

*Hubbard's Combined Self-raking Reaper and Mower.*—For sale by Henry Thomas & Son. This machine has two driving wheels, hinged joint and folding bar. The self-raker can be controlled by the driver, and a full sheaf made in all kinds of grain. If desired, the self-raker can be adjusted to deliver a sheaf at every revolution of the rakes, without any aid from the driver. We deem it unnecessary to give any further description, but refer all wishing to purchase to those farmers who bought last season. tf

*The Ancients* desired "locks bushy and black as the raven" as one of the perfections of manhood, and tresses long, silken and lustrous, as the crowning beauty of womanhood, but Time, the sly old dog, drew his fingers through their hair and left "His Mark" in white. Time is now baffled by those who use Ring's Vegetable Ambrosia, the greatest and most reliable Hair Restorative in modern times. [May 15. 1m

*Classis.*—Zion's Classis of the Reformed Church met at East Berlin, in this county, on Friday evening last. Rev. W. F. Colliflower, of Perry county, preached the opening sermon. Rev. D. W. Wolf, of this county, was chosen President, and Elder W. A. Wilt, of York, Treasurer. Rev. W. R. H. Deatrich, of this place, is the Stated Clerk. The sacrament of the Lord's Supper was administered on Sunday, the church being crowded to its utmost capacity. The neighboring pulpits—at New Chester, New Oxford, Abbottstown, Hanover, and York—were filled on the same day by members of the Classis. The business brought before Classis was despatched in a harmonious and prompt manner, and the body adjourned at noon on Tuesday, all pronouncing it one of the most pleasant meetings in the history of the organization. The hospitalities of the town and vicinity were freely extended to those in attendance, and a resolution properly acknowledging these kindnesses was unanimously passed in return. The Classis will meet on the third Friday in May next year, at Newport, Perry co.

*"You Can't Eat 'Em!"*—The following "juvenile incident" occurred in this county recently. Immediately after the taking of a penny collection in a Sunday School, a clergyman arose to address the children. He started out by asking them a number of questions, and presently this: "What can you do with pennies?" "Buy bibles," replied one of the scholars; "buy hymn books," continued another; "send missionaries to the heathen," answered a third. "Yes," said the preacher, "you can buy bibles and hymn books, and send missionaries to the heathen, with pennies. You can do a great many things with pennies. Indeed, what *can't* you do with them?" Instantly there came from one corner of the church, in a little but distinct voice, *"you can't eat 'em!"* Of course "the house" "came down"—and the clergyman asked no more questions.

*Ladies' Fair.*—We are requested to state that a Fair will be held in the School House of St. Aloysius Catholic Church in Littlestown, to commence on the last Monday in this month and continue until Saturday evening, for the benefit of said school. A vocal and instrumental concert, for the same purpose, will be given some time during the week, in E. Myers's Hall, a number of distinguished performers from abroad to participate. Already many presents of considerable value have been sent in for the Fair—gold watch, cane-bottomed chairs, albums, quilts, &c.—which, with the almost numberless articles preparing at home, will combine to make the Fair one of rare attractiveness. It will certainly be a success in the display of useful and ornamental articles, and we doubt not that the liberality of the community will make it a success in a financial way. The ladies who have it in charge—Mrs. M. L. Kinser president—have the taste, industry and energy needed for the proper carrying forward of such an undertaking, and we commend their efforts to the liberal consideration of the public.

*Presbyterial.*—From the minutes of the late meeting of the Carlisle Presbytery, we learn that the following appointments were made for the supply of the Hunterstown and Marsh Creek churches:

Hunterstown—Second Sabbath in June, Mr. Craig. First Sabbath in July, Mr. Mahon. First Sabbath in August, Mr. Kerr. First Sabbath in September, Mr. McCachren. Fifth Sabbath in September, Mr. Moury.

Marsh Creek—First Sabbath in May, Mr. Wilhelm. Fifth Sabbath in May, Mr. Craig. Fourth Sabbath in June, Mr. Mahon.—Fourth Sabbath in July, Mr. Kerr. Fourth Sabbath in August, Mr. McCachren. Fourth Sabbath in September, Mr. Woodburn.—*Star.*

*A New Game Law.*—The Legislature of this State has passed a very stringent law for the preservation of game and insectivorous birds. The bill provides that it shall not be lawful for any person within the Common wealth to shoot, kill, or in any way trap or destroy any blue bird, swallow, martin, or other insectivorous bird at any season of the year; that no deer, fawn, or elk shall be hunted or killed between the 1st of December and the 1st of September in any year; that no wild turkey, pheasant or rabbit shall be hunted or killed between the 1st of January and the 1st of September in any year; that no partridge or quail shall be taken or killed between the 20th December and the 20th October; woodcock or snipe from the 1st September to the 1st of March. No bird to be trapped or taken by means of nets, or any other method than by shooting, and no eggs to be destroyed. Penalty, a fine not exceeding $25 for each offence, with costs, and imprisonment not exceeding 30 days.

*Mortgage Law.*—It is now said that the new mortgage law applies to only 43 counties of the State, and does not include Adams.

*Shad.*—Our fishermen are driving a sharp and profitable business in shad fishing. The "catch" ranges from 600 to 1,000 per day and they are selling from 75 cents to $1 per pair, as fast as they are caught.—*Columbia Herald.*

*New Drug Store.*—Dr. James Cress, formerly of this place, has opened a new Drug Store in Littlestown, and will keep on hand everything usually found in a first-class establishment. See advertisement. 1t

*"The Telegraph,"* published at Kenosha, Wis., says: *A Good Medicine.*—It is not often that we say much in favor of Patent Medicines, because it is hard distinguishing between the humbug and the really valuable medicine. But we go out of our general custom to say that Hoofland's German Bitters is no humbug. We have tried it, and we *know* it to be almost infallible in cases of indigestion, disarrangement of the Liver, &c. It has cured us of the most obstinate case of the Jaundice, after every other remedy had failed. And in no less than half a dozen instances, where we have recommended it to our friends for the same disease, it has proved alike efficacious; and we have yet to hear of the case wherein it has failed.

"Hoofland's German Bitters" is entirely free from all Alcoholic admixture.

Hoofland's German Tonic is a combination of all the ingredients of the Bitters, with *pure* Santa Cruz Rum, orange, anise, &c., making a preparation of rare medical value. The Tonic is used for the same diseases as the Bitters, in cases where some Alcoholic Stimulus is necessary.

*A Balm for Every Wound.*—Grace's Celebrated Salve is now so generally used for the cure of flesh wounds, cuts, burns, ulcers, felons, sprains, and all diseases of the skin, that praise of it seems to be useless. Those who have tried it once always keep a box on hand, and nothing will induce them to be without a supply. 1t

*Wire Tooth Hay Rakes*, of best make, for sale during the season, by Wm. Wible. 1m

*A Household Word.*—The best, the only reliable, the cheapest. Try it. Mrs. S. A. Allen's Improved (*new style*) Hair Restorer or Dressing, (*in one bottle.*) My wife and children prefer it. Every Druggist sells it. Price One Dollar. 1m

*To Builders.*—Col. C. H. Buehler has just received a very large assortment of LUMBER suitable for Building purposes, including Boards, Plank, Flooring, Siding, Laths, Pickets, Shingles, &c. Also Posts, hewed and sawed, with prime Fencing Boards, White Pine and Hemlock. Builders will do well to give him a call, as his stock is not only large, but his arrangements are such that he can sell at the very lowest cash rates.

Also constantly on hand, Blacksmiths, Lime-burners' and Stove COAL, with an extensive assortment of COOKING STOVES, of the best make, Hollow-Ware, Tin-Ware, Japan-Ware, &c., which House-keepers will do well to examine. Wareroom on Carlisle street, opposite the depot. tf

*Go to Soper & McCartney's* Jewelry Store, on York street, if you want anything in their line. A fine assortment of the latest styles of Breast Pins, Ear Rings, Finger Rings, Sleeve Buttons, &c., just received. American and Swiss Gold and Silver Watches, Silver Plated Ware, such as Casters, Butter Knives, Butter Dishes, Fruit Baskets, Forks and Spoons, also on hand. If you don't wish to purchase yourself, go and examine the stock anyhow, that you may inform your friends where to purchase at reasonable prices. 2w

*Another Veto.*—Capt. T. C. Norris has vetoed the *high prices*, and is selling Clothing, Hats, Caps, Boots and Shoes at prices as low as before the war. His stock is the largest and best selected that it has been our fortune to see outside of the large cities. His stock of Men's and Boy's Fur and Straw Hats for Spring and Summer is just opened, and is the largest and most complete in Adams county. Give him a call and be convinced. May 8. 2t

*Removal.*—The office of the "Printers' Circular" and Printers' Furnishing Warehouse, formerly located at 36 Hudson street, has been removed to 515 Minor street. Address all orders to R. S. Menamin, 515 Minor Street, Philadelphia, Pa.

BIRDS OF A FEATHER, &c.—The entire Electoral ticket of the Radical party in Louisiana is made up of Negroes, and upwards of twenty of the Radical delegates from the South to the Chicago Convention, which is to nominate Grant for President, are also Negroes. This is the first time in the history of political parties in this country that Cuffee has been permitted to take a front seat in a National Presidential Convention. But we have no doubt these niggers will be received with open arms by their white associates, Sumner, Stevens, Wade & Company. It is a great pity the Convention don't meet in July or August, instead of May.

AN exchange asks: "What are we taxed for?" Well, sir, pretty much as follows:

First, to free the negroes, and make them your equals.

Second, to support negroes in idleness, and thereby make them your superior.

Third, to pay the taxes of these negro paupers, and thus enable them to out vote you.

Fourth, to keep up an army to overawe you and destroy your liberties.

The above, and about a hundred other similar things, are what you are taxed for.

IT costs one hundred and fifty million dollars annually to govern the Southern States under the Rump despotism plan, and the whole expense is born by Northern workingmen. Formerly the Southern States were not only able to pay for their own government, but they paid over two hundred million dollars annually into the Government Treasury. They would do the same now, under a righteous and enlightened political policy, but they never will under military despotism and negro suffrage.—*Patriot & Union.*

SENATOR SHERMAN admits that the expenses of the army for the current year will not be less than ONE HUNDRED AND TWENTY-THREE MILLIONS OF DOLLARS! A nice little sum to be taken out of the pockets of the white people of the North, for the support of the army in the time of peace—and all for the benefit of the negroes.

WENDELL PHILLIPS reiterates his declaration that the habits of Grant are not such as would tend to make him a fitting President of a Temperance Society—nor of anything else.

**Boils.**

Like the volcano, Boils give issue to the foul and fiery contents of the deep interior. To remove the cause of such suffering it is only necessary to vitalize the Blood by supplying it with its *Life Element*, IRON.

THE PERUVIAN SYRUP,
(a protected solution of the Protoxide of Iron) will do this effectually, and give *strength, vigor* and *new life* to the whole system.

EXTRACT OF A LETTER FROM REV. RICHARD S. EDES, OF BOLTON, MASS.

"For years I was a sufferer from Boils, so that my life became wearisome through their frequent and persistent recurrence: finally a carbuncle formed in the small of my back. During its progress large pieces of decomposed flesh were every day or two cut away, and the prostration and general disturbance of the system were great. Before I had recovered from this attack two smaller carbuncles broke out higher up, and I was again threatened with a recurrence of the sufferings to which had so long been subjected. It was at this time that I commenced taking the PERUVIAN SYRUP. I continued taking it until I had used five bottles, since then I have had nothing of the kind. For years I was one of the greatest sufferers. All other medicines gave me partial and temporary relief, but this remarkable remedy, with a kind and intuitive sense, went directly to the root of the evil, and did its work with a thoroughness worthy of its established character."

### CIRCULATE THE TRUTH!

Let it be borne in mind that any one of our *present* subscribers sending in the names of *four* new subscribers, with the cash in advance ($8 for the four,) will receive a credit of one year's subscription on his own account—in other words, for each new subscriber sent in, *accompanied by the cash*, a PREMIUM OF FIFTY CENTS is allowed as a credit on *present* subscriptions. A number of subscribers have already paid themselves ahead in this way, and many others could do the same with very little effort. Remember, that the most important Presidential contest in our history is approaching, and that a proper enlightenment of the masses as to Radical negroism, corruption and tyranny, will surely defeat that party at the polls. The Democratic newspapers will do this, if properly circulated. The COMPILER, always in the front line of duty, will be found as earnest and faithful as ever. Democrats and Conservatives, help to spread its influence in THE CAUSE OF THE PEOPLE.

**The Compiler for the Campaign!**

WHITE MEN, TO THE RESCUE!

In order to place the COMPILER within the means of *every voter in the county*, we have concluded to offer it for the campaign—from this time until after the Presidential election, in November—at the following low rates:

Single Subscribers,.....$1 00 each.
Ten copies,.....$8 00 or 80 cents " "
Twenty copies,.....15 00 or 75 " "

This will barely cover the cost of white paper, and we must therefore ask payment *in advance in all cases*. The paper will be sent immediately upon receipt of order, either through the mail or otherwise.

## A SERVANT FOR ALL.

**Roth's Improvement for Opening, Closing and Latching Gates.**

MAY be attached to any gate and operated from buggy, team or saddle by one hand, in any desired direction from the gate—opened and closed from one point, at any distance from the gate. This improvement is simple and cheap, yet perfect and strong; will not be disarranged by the sagging of the gate, nor by the frost raising the posts; may be made at a country blacksmith's, and easily attached to a gate. The undersigned, having the Right for Adams county, will sell Township and Farm Rights of this improvement.

Also, ROTH & SHANE'S AMERICAN LEVER GATE—which will be found valuable and convenient to all who have gates to drive through—as they remain by their team, open, close and latch a gate, without the necessity of getting in the wet or mud.

The Auditors, in submitting the abovestatement as to the condition of the Bounty Fund of Cumberland township, report that the apparently large amount of exonerations granted on Duplicates of 1865 and 1866, was occasioned by assessing a large number of persons who were exempt by reason of service in the army. They would also report that the suit brought by the township for the recovery of money paid for men never credited to the township has been decided in favor of the township. If the money can now be made there will be $1,500 (less expenses of suit) towards reducing still further the township liabilities.

## SEGAR STORE.

*REMOVAL.*

The undersigned has removed his Segar Store to the NORTH-EAST CORNER OF THE DIAMOND, GETTYSBURG, where he asks a continuance of the public's patronage. His new location is one of the most CENTRAL AND CONVENIENT, and his stock of Segars among the most choice and satisfactory.

He will keep on hand the best BRANDS, and *will manufacture for general sale throughout the county.* He will sell at the lowest living prices, and at wholesale and retail.

Remember the place, in the Diamond, between Brinkerhoff's Store and McClellan's Hotel.

### PRUNING TREES.

There is a great deal said about the proper time of pruning trees, and especially the apple tree. Some prefer fall, some midwinter, some spring; but scarcely one recommends the best time—in our humble opinion—*midsummer*. Doubtless some old fogies will open their eyes and hold up their hands at such an innovation, and denounce it as an absurdity; but we think we will be sustained by a majority of the "live" men of the day.

If we desired to improve the *form* of a fruit tree and get rid of some of the superfluous wood, we should prune *in winter*; but if we desired *fruit* and perfectly healed stumps, we should prune from the fifteenth of June to the twentieth of July. We have done this often with the happiest results. The fruit buds form after this, and the operation of suddenly cutting off its growth, produces buds; while the winter or early spring pruning will produce only *wood*.

In pruning ornamental trees in midsummer, the bark, instead of receding from the stump, grows over it, and in a few years will completely cover it and make a perfect amputation.

We have noticed this upon our own premises as well as upon those of others many times. This pruning is done when the tree is taking its midsummer "siesta," and then wakes up, refreshed for another start, and the bark gradually steals over the stump as if ashamed of the shabby looking exposure.

When the tree is in full leaf, and presents its full form to us, we can see exactly where the pruning should be done, in order that while the overgrowth may be removed, the symmetry of the tree may be preserved. Especially is midsummer pruning to be observed, first, to produce buds on fruit-bearing trees as before stated; and second when *large* limbs are to be removed.—*Germantown Telegraph.*

SHEEP SHEARING.—Sheep shearing should be accomplished soon after the middle of May. A great deal of care is necessary to avoid bruising, or cutting with the shears, to both of which the animal is liable from careless hands.

The practice of washing the sheep before shearing, is being abandoned, we think, in great measure, as injurious to the animal, and incurring risk to those engaged in it. If a fair and certain rate of deduction from the price of washed wool could be had for that which is unwashed, there would be no doubt, we think, of the propriety of selling always in the dirt.

After shearing, the flock should be protected from bad weather, especially long, cold rains, by a shed which they may resort to.

EXPERIMENT IN WHEAT CULTURE.—A Pennsylvania farmer (J. A. Gilpin, Esq., of Winston,) made an experiment last season, which is worthy on attention. This consisted in stopping up every other pipe of his drill in seeding one acre, which made the rows twenty inches apart, while all the rest of his crop was sown as usual, ten inches apart. In the Spring he ran a one-horse hoe harrow through the sown wheat only once, which seemed to give it a fresh start in its growth. At harvest he harvested twenty-two bushels from that acre, while the rest of the field only yielded nine to the acre. The season, he says, was a very poor one, and his seed was bad, but the experiment was very encouraging.—*North Western Farmer.*

OATS FOR STOCK.—An old farmer informs us that after an experience of forty years, he finds no food so good to keep cattle in good heart, and especially for cows and sheep when coming in, as scalded oats. He says that the calves and lambs will be healthy and active, and that the loss of lambs is of rare occurrence. It is worthy of note.

A WASH composed of lime, salt and fine sand or wood ashes, put on in the ordinary way of whitewashing, renders a roof fifty per cent. more secure against *taking fire from falling cinders* in case of fire in the vicinity. It pays the expense a hundred fold in its preserving influence against the effects of the weather. The older and more weather-beaten the shingle, the more benefit derived.

A CERTAIN insect lays 2,000 eggs, but a single tomtit will destroy 200,000 eggs in a year. A swallow devours 548 insects in a day, eggs and all. A sparrow's nest was found to contain 700 pairs of the upper wings of the cockchafer, though other food was procurable in abundance. So save the birds.

A CORRESPONDENT of the *Ohio Farmer* thinks a sow should not be allowed to breed until at least a year old. He thinks that until the boar and sow reach the age of four or six years, their progeny is better than from young hogs.

COTSWOLD sheep are said to be in greater demand in England now than ever before. At a late sale, 55 rams averaged $160 in gold.

A BRUTE'S SAGACITY.—The York *True Democrat* says that recently some cattle got on the track of the N. C. R. W., near West Fairview, Cumberland county, as the fast freight was going South. The usual alarm drove all from the track with the exception of an obstinate heifer of about 350 pounds weight. The animal ran ahead of the train up to the edge of the bridge crossing Conodoguinet creek, and at a glance the brute saw she could not cross on the railway track, and sprang upon the abuttment. As the engine came abreast of her, she plunged head foremost into the creek below, a distance of 65 feet, into about 7 feet of water. To the astonishment of all who witnessed it, the animal came up out of the water, swam to the shore, and escaped to a barn-yard without any special harm having resulted to herself.

A CURIOUS WEAPON OF DEFENCE.—The carrying of weapons is forbidden in France to persons in civil life, but an invention has been made which, while conforming with the law, is a partial aid as a means of defence against night robbers. It consists of a small horn inserted in the end of a cane, which contains an electric battery and a small lamp with two powerful reflectors. The intensity of this light, it is said, temporarily blinds any person at whom it is pointed. The lamp is kindled at will, by pressing a small knob at the other end of the stick, which communicates with an electric wire.

*Snow Storms in April.*—A correspondent of the Boston *Transcript* shows that snow storms in April are the rule rather than the exception. In the last twenty-five years there have been but nine in which we had no snow in April. Last year we had snow as late as the 24th.—The same correspondent figures up forty-two snow storms in Boston.

THE first work of grace is the *desire* of grace.
